Our mission, values and aims:

We know there is more to success than academic achievement alone. Education isn't simply about passing exams; it is about enabling scholars to learn the skills and qualities they need to be successful at school and beyond. This will be done through various methods such as:

- Self-development
- Reflective practice
- Career Exploration/ Employer Engagements
- Personal development
- Career Management
- SMART goal setting
- A growth mindset approach

We want every scholar to do well so that they are leaving with knowledge of what their options are, whether that is to go to university, pursue a high-quality Apprenticeship, T-Level or pursue the career of their choice. To support this, we ensure that alongside setting high expectations for academic progress, we also focus on building the habits and skills most desired by employers and universities which will be guided by the Gatsby Benchmarks as well as CDI Framework. Scholars will be guaranteed access and exposure to the experiences that will help them to shape a vision for their own future and guide their decisions about their university / apprenticeship or career pathway after school. This is encapsulated in our motto "Roots and Wings".

Destinations Data:

We will collect the intended and final destinations of their Year 11 scholars and share with local authorities as part of our statutory responsibility. To go along this, we will also look at career aspirations in Year 7 this will support in analysing their journey at the beginning and end of Year 11.

- We will analyse destinations data on an ongoing basis and take stock of intended destinations after February half term in Year 11 to understand if any additional guidance conversations are required with scholars.
- We will support scholars on GCSE results days with any changes to destination decisions and to remain in contact for up to 6 weeks after results days to confirm where and what scholars have gone on to do after school.

Careers Policy statement:

Castle Mead Academy uses the Gatsby Benchmarks as a guide to plan our careers education information and guidance programme. As part of our commitment to informing our scholars of the full range of learning and training pathways on offer to them, we are happy to consider requests from training, apprenticeship and vocational education providers to speak to scholars.

Castle Mead Academy also proactively seek to build relationships with these partners as we plan our careers education information and guidance provision throughout each school year to ensure that providers have multiple opportunities to speak to scholars and their parents across Years 7 - 11, to offer information on vocational, technical and apprenticeship qualifications and pathways.

Castle Mead Academy ensures that Academy staff involved in personal guidance and pastoral support are up to date on their knowledge of these post 16 and post 18 pathways, through a programme of Continuing Professional Development. Academy staff will work with scholars to avoid being Not in Employment, Education or Training.

Opportunities for providers to speak with scholars may include:

- Visiting speakers
- Assembly, in lunchtime talks, in special one-off events, etc
- Careers fairs
- Enterprise events (e.g., mini enterprises)
- Other work simulations
- Mentoring programme by employers
- Mock interviews and CV writing
- 'Speed Networking' events

Castle Mead Academy's careers education information and guidance programme is monitored for quality and impact by the Senior Leadership and Academy Council and monitoring of access to and opportunities to engage with, technical, vocational and training providers will form part of this process.

In the first instance, requests by providers should be sent to the Careers Leader at hmarar@castle-tmet.uk with a minimum of 6 weeks' lead time. All requests will be considered based on staffing availability to support the activity, clashes with other planned activities, trips or visits to the Academy, interruption to preparation for examinations or rooming and space availability to host the activity.
