### Work Experience

Please write about any work experience you have done, any part-time jobs you have or have had and any volunteering you have undertaken.

I have not had the opportunity to undertake any form of work experience.

In April 2023, I carried out a one-week work experience placement at Busy Bees Nursery. The experience firmly cemented my aspirations to work in the education sector. During the week, I supported the class teacher in setting up and assisting with a variety of activities including phonics, art and PE. I enjoyed working with the children in small groups to develop their reading skills. I developed my confidence in communicating with adults in a professional manner and also my ability to think on my feet and solve problems quickly. As I had to travel by bus to the placement, the experience also developed my independence and time management skills. My supervisor gave me an amazing report at the end of the week and offered me further work experience during the summer.
